

**HERINGTON
HOSPITAL**
A Community of Care.

Employee of the Month

January 2022

Kayla Meyer

Quote from a fellow staff member:

"Kayla makes sure to uphold the strictest integrity with each task given. Her position alone requires a strong sense of integrity and she is killin' it! Her dedication is rarely matched when it comes to her involvement with this hospital. No matter what her personal feelings never get in the way of her doing her job. Even when on maternity leave Kayla assisted employees who were covering for her."

Kayla grew up in Utica, Kansas and graduated from Kansas State University in 2013 with her Bachelor's Degree in Business Administration. She moved to Herington in 2017. In her free time she loves spending time with her husband, Jon and their two kids, Chevee and Asher. Kayla also enjoys sports and spending time with her family and friends.

Kayla says, "I have been a part of Herington Hospital for over four years now and I truly enjoy working with the employees. They all work hard to provide exceptional care to our patients. The hospital has expanded services and locations over the course of my employment and it has been exciting to be a part of the growth. My knowledge and experience has grown so much and I look forward to the future with Herington Hospital."

Congratulations to Kayla Meyer, As Kayla generally writes this narrative for other Employee of the Month recipients and recognizes and acknowledges the contributions made in the care of our patients and community, we recognize Kayla for her care and numerous contributions in taking care of the employees who provide the care to our patients. Kayla is such an asset to our team in her compassionate and humble approach to helping care for the employees of this organization. Thank you Kayla...well deserved!!!!
